25E VALLEY HEAVEN

Welcome to Valley Haven House. With expansive valley and mountain views surrounded by nature, this homesite is perfectly situated to inspire and delight as you live your best life in our coastal paradise. This beautifully designed four bedroom, four bath was designed by Costa rica's very own WR architects. Their blend of clean lines coupled with their elegant use of natural materials allow the home to feel both organic and classy at once.

The gourmet kitchen overlooks the dining and living area in a classic open floor plan. In-line with Senderos' design mantra of "Natural Modern" design, all interiors and exterior spaces should flow seamlessly together. Intentionally designed to provide both larger social gathering spaces and more intimate private areas, the large windows and sliders provide unfettered views to the generous terrace areas, infinity pool, sun deck, BBQ area and more.
